

I STAY WITH YOU

Chicklit novel

Kris L. Jordan

Love and passion lead Luna and Lola to unexpected turns in their personal life.

Synopsis

Luna and Lola are friends, but they are so different that it seems impossible. Lola is crazy, never thinks what she says and lives the life no matter tomorrow. Luna, instead, is a calm woman, focused on her work and who ponders each and every movement.

Marcos and Víctor are brothers, they are so close that they even undertake a business together. They own a gymnasiums chain and the business goes so well, that they decide to open a new one in Valencia.

Between Luna and Víctor there is something more than business, and between Marcos and Lola a volcano ready to explode. The four of them curb their desires because of prejudices, what people might say or the fear to risk and fail.

However, life can change any minute now and what is a calm existence without problems can change in just an instant. After a crazy night, life changes for everyone.

Sales pitch

- Kris L. Jordan an author of romance and chick-lit novel with a great literary development. Her novel *Esto no es una cita* was nominated as the best eBook of chick lit novel 2014. In November, 2014 one of her stories, participating in the Concurso de Relatos de Novela Romántica (Romance Novel Stories Contest), it was selected to take part in the anthology "Sinfonías de Navidad". She has published other novels such as *Olvídate de mí*; *El precio del amor*; *Hola mundo, soy Amber*; *Y, de pronto, llegaste tú*. The author has much enacted her work through the social networks.

- *I Stay With You* is a chick-lit novel that includes (something unusual in this genre) two love stories of two couples, as different as the personalities of the protagonists from the novel. Luna, a secretary in Víctor's gym, the owner of the gym together with Marcos, his brother, who is Lola's object of desire.

- Relationships among them are not easy, Luna gets pregnant by Víctor and Marcos doesn't have anything to do with Lola since he wants to take advantage of his personal life to be promoted. Not many chick-lit novels begin with the pregnancy of the protagonist, who used to get pregnant at the end of the plot. The four main characters of the novel will live an evolution that will allow the readers to identify themselves and get on well with them.

- A novel which mixes romanticism with humor, eroticism and with the daily life problems that a woman has to face. The narrator is omniscient and the novel is full of dialogues that make the reading flowing. With a casual and fresh style, her literary models are authors such as Connie Jett and Helen Fielding.
