

# MY BEST VERSE

Erotic novel

Cova Galena

Sofia is courageous and determined but does not believe in love; she can't resist Malik, who takes her to the limits of desire.

## Synopsis

Until when will Sofia be able to resist the most intimate and wild wishes that Kilam awakens?

An unexpected call. That rap singer, which lyrics are so aggressive and gestures are so harsh, wants to hire me. His appearance and everyone that surrounds him look so intimidating that I feel like running away, but there's something about him and his deep infinite look, that paralyzes and attracts me more and more. He tempts me with his words, and the way he moves and acts. I can't control it. He's impulsive, spontaneous and so intensive, that I just feel like moving away again and again, but a strong feeling starts to arise between us before we can stop it. I desire him, I want him so badly that it hurts. I want to own his body, his soul, his moans of pleasure and his breath. Yet I am scared, as what I feel for him is stronger and stronger.

Can I possibly be in love with him?, but what is love? He loves me, I know he does, he's told me. However, his actions are keeping our hearts miles apart. Only a song, his best verse, will make our love succeed.

Together we were unstoppable, but apart, the beats of our hearts would faint.

## Sales pitch

-My Best Verse is an erotic novel with a female protagonist different from other novels of the genre: Sofia is young, brave, and full of personality. The context is also different, as the plot focuses on the world of European rap. The male protagonist, Malik/Kilam, is powerful, sweeping, very attractive and with something of mischievousness. A story full of sexual tension, a continuous push and pull in which finally love will succeed.

-The literary style of this novel is agile, and sparkling, uses fresh and very direct language. Narrated in the third person, with an omniscient narrator, the reader knows at all times what the two protagonists feels and think. The literary references of this title would be works of authors such as Megan Maxwell, Silvia Day and Elena Montagu.

-There are few novels inspired in the world of rap, none of this genre. In addition, as a differential value, the author was inspired by a real rapper, Booba (the biggest rapper in France) for the creation of the male character.

-Galena Cova is an author of romantic literature, well known in the publishing world. She has been a finalist in several literary prizes and published several novels with publishers such as Ediciones B or Romantic Ediciones. She is a great promoter of her work in social networks and events of the publishing industry.
