

TEMPT ME

Elena Montagud

A story full of passion, romance, literary quotes, music and sex that revolves around an erotic triangle,

Synopsis

Sara is a young graduate, a very responsible, nervous and shy woman. She has only had one love interest in all her life and she is not interested in men right now, but her life takes a 180 degree turn when she meets Abel.

Abel is a cultivated, intelligent man, who knows when to speak and when to listen. He is tough but loving at the same time. A mysterious and warm man, who sometimes shows his cold side and other times acts lovingly, but when he loves, he gives everything, and that is a great point in his favor.

The flames of an overwhelming passion will burn until their souls will melt and that will lead them to torrid encounters, in which Sara will discover all the pleasures of sex. But Abel is also a man haunted by his past, that is the reason why Sara will have to face the ghosts of her lover's past and the women who have shared a bed with the irresistible photographer.

Sara will take her first steps in the world of fashion and discover how wonderful and difficult it can be at the same time. Who said the world of photography could be easy?

This is an erotic novel written in a fluid and straightforward style that grabs the reader's attention from the first page and has all it takes to be a success: real and believable characters, and beautiful, dramatic and funny stories, where kisses, caresses and whispers intersperse with intense erotic scenes in which a passionate love triangle will be involved.
