

TO DARE OR NOT TO DARE

And other tales of Khamira World

Víctor García

Fantasies, pleasure, mystery, desire. A stimulating collection of erotic stories featuring Khamira, a liberal woman. There are no taboos, no limits for her.

Synopsis

For some women, speaking, reading or enjoying sex is still a taboo.

This book compiles the top ten erotic stories of Khamira. In these tales, written from the point of view of women, fantasies, desire and sex are mixed with a realistic point of view that makes the female readers not only feel as the main characters of the different stories, but also as if some sensual force have taken control of every inch of their bodies.

Khamira World is a world that combines erotism and literature: a commitment to literature as a tool for reaching the soul of women who do not fully enjoy their sexuality yet.
